

UNDERHILL GEOMATICS

CAREER OPPORTUNITY:	Geomatics EIT's and Land Surveyors in Training
STATUS:	Full Time
LOCATION:	Kamloops
SALARY:	\$30 – 50 / hour

Underhill Geomatics is a progressive land surveying firm with offices in Kamloops, Burnaby, Comox, Fort St. John and Whitehorse. Operating since 1913, Underhill continues to provide technologically advanced, flexible, and efficient geospatial solutions for all our clients' needs within British Columbia, Yukon, Northwest Territories and Nunavut.

Underhill Geomatics is seeking **EIT's and LSIT's** in the Kamloops region.

We provide Geomatics services to our clients in Kamloops and the surrounding regions. We work with many great clients on both large and small scales. We work with a variety of survey types including land development, strata and air space projects, topographic surveys, First Nations land surveys, engineering and infrastructure surveys, industrial, mining, precision and monitoring surveys.

Underhill Geomatics Ltd. offers an excellent compensation package commensurate with your experience. We also offer a comprehensive benefits package as below and the opportunity to further develop your abilities working with a great team of professionals.

What we offer:

- RRSP Matching Program
- Long-term Disabilities Benefits Package
- Extended Health Package
- Health and Wellness Spending account
- Boot Allowance
- Professional Dues reimbursement (if applicable)
- Paid Sick Leaves

Duties include:

- Project Management and Supervision
- Performing Topographic, layout, and as-built surveys
- Performing control and high-precision surveys
- Utilizing Trimble GNSS, Robotic Total Stations, and 3D scanners for precise field measurements and data collection
- Conducting RPAS (UAV/drone) surveys, bathymetric surveys, and automated total station work with BCLS Project Managers
- Ensuring accuracy and efficiency in data collection and processing

Requirements:

- A team player with excellent problem-solving skills
- Experience with Trimble GNSS, Robotic Total Station, and 3D scanning is an asset but not required
- Advanced RPAS License, or ability to obtain, assistance provided.
- Familiarity with TBC, Starnet, Civil 3D is an asset but not required
- Strong attention to detail and ability to work independently in the field

If you would like to be considered for this opportunity, please forward your resume and cover letter to **RSchuler@underhill.ca** with the subject **Kamloops Hiring**. We thank all applicants for their interest; however, only short-listed candidates will be contacted.
