

CAREER OPPORTUNITY:	CAD TECHNICIAN - Kamloops
STATUS:	FULL TIME
LOCATION:	KAMLOOPS
SALARY:	\$32-45 per hour

Underhill Geomatics is a land surveying firm with offices in Fort St. John, Kamloops, Burnaby, Comox, and Whitehorse. Operating since 1913, Underhill continues to provide technologically advanced, flexible, and efficient geospatial solutions for all our clients' needs within British Columbia, Yukon, Northwest Territories and Nunavut.

As a **CAD Technician/Draftsperson**, you will be responsible for creating accurate and detailed technical drawings using computer-aided design (CAD) software. You will create topographic and legal survey plans based on survey data collected in the field and from existing Land Title Office records. This position requires technical skills, attention to detail, and proficiency in CAD software.

What we offer:

Underhill Geomatics Ltd. offers an excellent compensation package commensurate with your experience. We also offer a comprehensive benefits package as below and the opportunity to further develop your abilities working with a great team of professionals.

- RRSP Matching Program
- Extended Health Package
- Health and Wellness Spending account
- Long-term Disabilities Benefits Package
- Boot Allowance
- Professional Dues reimbursement (if applicable)

Responsibilities:

- Create detailed topographic drawings and legal survey plans using CAD based on provided data and specifications.
- Collaborate with Land Surveyors, field staff, and team members to understand requirements and resolve issues.
- Review drawings for accuracy, completeness, and compliance, and correct any discrepancies.
- Identify opportunities to improve drafting processes, standards, and workflows.

Requirements:

- Post-secondary education in Civil Engineering, Geomatics, CAD, or a related field.
- **OR** 3+ years of experience as a CAD Technician, Draftsperson, or in a similar role.
- Proficiency in CAD software (e.g., Autodesk Civil 3D or AutoCAD).

Skills:

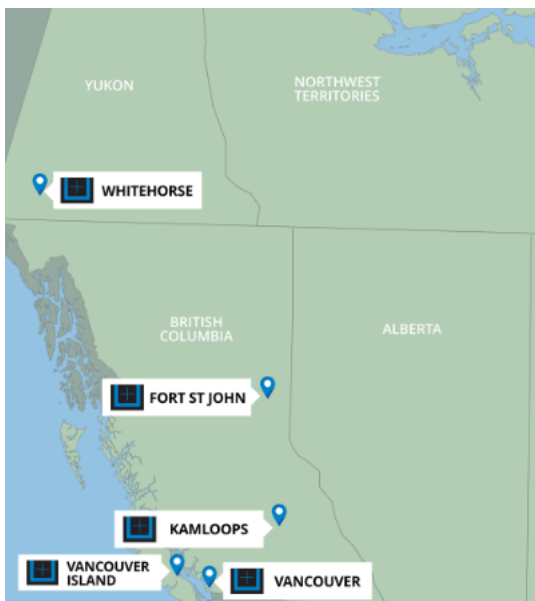

- Understanding of CAD standards and technical drawing principles
- Excellent attention to detail and accuracy in drafting work
- Strong communication skills and ability to work in a team
- Ability to manage multiple projects and meet deadlines
- Strong problem-solving skills for design and drafting issues

If you would like to be considered for this opportunity, please send your resume and cover letter in confidence to our Human Resources Department (hr@underhill.ca) | Subject: "Kamloops - CAD-Technician".

We thank all applicants for their interest; however, only short-listed candidates will be contacted
